TRG

About the work

Goal: build brand awareness for TRG Signature as properties that are move-in ready, premium units that already feel like home.

Markets: Burlington, Oxford, Sanford:

MEBANE PROPERTIES
306 S. First St.
709 McKinley St.
206 E. Washington St.
402-406 Giles (under construction)

OXFORD PROPERTIES
202 Forest Ave (Development in Progress)
202 Forest Ave. (Lot)
710 Hillsboro (Development in Progress)

SANFORD PROPERTIES
534 Cross St
536 Cross St.
375 Beulah Brown Road

Strategy: inform agents, investors, bankers, and property managers in market with a 6-12 month campaign

Channels:

1. *Website*: premium TRG Signature Website with property visuals, details, and listing agent CTAs, as well as lead capture forms for re-marketing
2. *Meta Advertising*: Facebook and Instagram advertising with ramp-up spend per market
3. *Google Search* Advertising: intent-driven promotion for local terms
4. *YouTube* Advertising: pre-roll ads that introduce and reinforce the brand
5. *Direct Mail*: just before Grand Opening per market (local all addresses in a carrier route)
6. *Email*: Ongoing push to qualified leads generated from the above.

Considerations:

- Digital promotion via Advertising is quick, easy to update, lower per-impression costs, and generates broad impressions. It is difficult to track ROI, but a good part of initial brand-building
- Physical mailed pieces are expensive per-impression, but can be used to stand out as budget allows.
- Email - best served to those who opt-in, meaning contacts you have or have visited the website. Buying a list of specific contacts (via Chamber of Commerce or the like) can be useful, but even so likely to be viewed as SPAM.

Starting Point: Build the **Website** immediately and set up Contact capture and tracking system.

Phasing (per Market):

We recommend a phased approach per Market.

- **Phase I** - Market Launch (Months 1-2): **Awareness + Audience Building**
  - Meta/YouTube/Google advertising
  - Gather impression data and lead capture back on the website
- **Phase II** - Market Building (Months 2-3): **Efficiency and Lead Capture**
  - Re-targeting Digital ads to site visitors
  - Zillow Group Advertising
  - Test emails to captured leads
- **Phase III** - Market Optimization (Months 5-6): **Follow Through and Project Opening**
  - Move advertising to focus on Project Opening
  - Refine lists based on engagement
  - Direct Mail piece 3-4 weeks ahead of Opening
  - Zillow Advertising
- **Ongoing** (as needed - especially if new projects in same market)
  - Periodic refreshes of digital advertising (lower frequency) to reinforce brand image, or prep for a new **Project** in market
  - Regular (monthly) email sends to opted-in contacts
  - Regular reporting for refinement of lists and tactics
  - Optional Mailings if new **Projects** are coming

Budget:

- TRG Signature Brand Identity: $850 for logo, brand kit, multiple treatments for different applications
- Website: $2,000 to build and optimize for adding future markets, including brand id
- Advertising: $[X,XXX] per month, per market. Prices will depend on how much advertising you can afford based on your project budget. Fees are inclusive of:
  - Photography, video, and editing assets
  - Design and prep of all files (digital and print)
  - Purchasing and Placement of digital advertising (including advertising fees)
  - Purchasing and Production of print advertising
  - Collecting and managing email lists
  - Creating and Sending emails
- Reporting: included, all results on a monthly basis

Until we know what you want to spend per Market, we recommend going all-in on one market to understand how it will work. Spreading your budget thinly across too many markets may not be effective.

Example Spend - $6,000 Monthly Budget for a given Market. We would adjust the mix based on results:

Channel	Month 1	Month 2	Month 3	Month 4	Month 5	Month 6	Total
Facebook / Instagram Ads	$2,500.00	$2,000.00	$1,000.00	$2,000.00	$2,000.00	$2,000.00	$11,500
